PCDART workshops planned

Dairy producers using PCDART are invited to participate in one of six hands-on workshops that will be conducted this winter by NorthStar Cooperative. The day-long workshops will explore such areas as how to display subgroup averages in tabular and graphical format by using crosstabs features; scheduling procedures; applying filters, subgroups and reasons on reports; establishing protocols; utilizing sets for overview, printing and daily management lists and much more. Presented by Doug Brook, NorthStar Cooperative DHI Services Technical Specialist, the workshops are designed to share new tools and short-cuts that will enhance your current use of the program.

Workshop registration is \$25 per person and includes computer rental, training materials, refreshments and lunch. Participants will be provided the use of a computer and are asked to bring a back-up file of their herd data to use during the workshop. Enrollment is limited and pre-registration one week prior to workshop is required. Producers can register on line at northstarcooperative.com or by calling 800.631.3510.

The day-long workshops will run from 10 a.m. to 3 p.m. at each of the following locations:

- January 27 — Abbyland Truck Center, Curtiss, WI
- January 28 — Best Western Midway Hotel, Appleton, WI
- February 17 — The Kettunen Center, Tustin, MI
- February 18 — Franklin Inn, Bad Axe, MI
- February 19 — Comfort Inn, Coldwater, MI
- February 20 — Clinton County RESA Facility, St. Johns, MI
