

## PCDART workshops planned

Dairy producers using PCDART are invited to participate in one of nine hands-on workshops that will be conducted in February and March by NorthStar Cooperative.

The day-long workshops will explore new features in PCDART. Additionally, time will be dedicated to learning how to use PCDART to review, track and evaluate areas such as somatic cell count; udder and herd health; reproduction and nutrition and production. Presented by NorthStar Cooperative DHI Services Technical Specialists, the workshops are designed to share news tools and short-cuts that will enhance your current use of the program.

### The day-long workshops will run from 10 a.m. to 3 p.m. at each of the following locations:

- February 21 – Van Abel’s - Hollandtown, Kaukauna, Wisconsin
- February 22 – Amicos Midwest Pizzeria, Shawano, Wisconsin
- February 23 - Abbyland Truck Stop, Curtis, Wisconsin
- February 24 – Horizons, Chippewa Falls, WI
- February 27 – NorthStar Cooperative, Lansing, Michigan
- February 28 – Franklin Inn, Bad Axe, Michigan
- February 29 – McGuire’s Resort, Cadillac, Michigan
- March 1 – Comfort Inn, Coldwater, Michigan
- March 2 – Coopersville Farm Museum, Coopersville, Michigan

Workshop registration is \$25 per person and includes computer rental, training materials, refreshments and lunch. Participants will be provided the use of a computer and are asked to bring a back-up file of their herd data to use during the workshop. Enrollment is limited and pre-registration one week prior to workshop is required. For more information visit [northstarcooperative.com](http://northstarcooperative.com) or call 800.631.3510. ★

Where ever you go...

# SELECT DETECT Is on the job!

advanced estrus detection technology

- Monitors cow activity around the clock
- Reduces need for timed A.I., saving you time and money
- Uses remote radio transmission and Bluetooth technology
- Most adaptable system on the market, can be customized to your facilities and your cows
- Backed by professionally, trained local service specialists
- See what's happening, even if you aren't near the barn with the new SELECT DETECT mobile App!

Talk to your NorthStar Specialist to learn more.
