New Jersey Breed Leaders at Select Sires

7JE738 Louie

Hapalson Louie 1818 (VG-83%)
Francis Palmerton, Fowlerville, Mich.

Select Sires updated its Jersey lineup with five new breed-leading sires. 7JE768 DALE enters Select's active lineup as the breed leader in JPI, Milk and Protein. Unfortunately due to his untimely death, only a limited amount of DALE semen is available. However the availability of top genetics doesn't stop there.

7JE738 LOUIE stands among the Top 10 at JPI™ sires +230. He also ranks among the Top 25 for Jersey Udder Index™ (JUI™) at +5.58. LOUIE is seventh in the breed for Protein (+55) and with +1,601 Milk and +\$406 Cheese Merit, his daughters pay the bills.

Debuting with elite JUI (+4.91) is 7JE730 SULTON. Sired by PARAMOUNT, SULTON specializes in health traits (2.80 Somatic Cell Score, +2.9 Productive Life and +0.4 Daughter Pregnancy Rate) and carries the HealthMark™ and HerdLife Builder™ designations. In addition, other new releases include 7JE748 RAIDER with +5.31 JUI, +1,202 Milk and +62 Fat and 7JE749 GOLD with a +4.99 JUI.
